**TEMPLATE**  
GRAPHICS KIT

# POINTS

Leave space here for your Race Number and our partner logos

Be Mindful the top of the front pod will be slightly covered by the Nassau Panel

Again, make sure to leave space here for your Race Numbers

# EXAMPLE

Here's a completed graphics kit alongside how it transforms onto a kart. A well-executed design should maintain its bold impact both as a flat layout and when wrapped around the kart's curves. Consider how colors, patterns, and logos will flow seamlessly across different panels to create a striking, cohesive look on the track.
